KLEANIX CHEMICALS

Reliable Performance. Exceptional Clean.

Premium commercial-grade surface maintenance solutions for residential, industrial, and automotive sectors. Corporate Register & Compliance Charter - Edition 2026.

OUR KEY FEATURES

Plant-Derived Surfactant Technology

Advanced bio-based cleaning agents derived from renewable plant sources, delivering powerful degreasing without harsh chemicals.

Industrial-Grade Manufacturing Standards

Produced in Class 3 certified facilities with rigorous quality control, ensuring consistent performance across every batch.

Compliance & Safety Certification

All products meet regulatory standards for commercial and residential use with full documentation and safety data sheets.

WHY CHOOSE KLEANIX CHEMICALS

Your Trusted Chemical Partner

With advanced formulation expertise and centralized fulfillment infrastructure, Kleanix Chemicals delivers reliable, eco-conscious cleaning solutions at commercial scale across multiple states.

PRODUCT REGIMENS

Regimen 1: Home & Surface Care

High-efficiency floor cleaners, tile descalers, ceramic bowl cleaners, and multi-surface wash concentrates for residential and commercial spaces.

Regimen 2: Hygiene & Kitchen Care

Premium dish wash gels, drain openers, fabric wash conditioners, and glass cleansers for kitchens, laundry, and hygiene applications.

Regimen 3: Automotive Detail Systems

Professional vehicle shampoos, vinyl protectants, spray detailers, interior cleansers, and air fragrance mist atomizers for auto care.

PRODUCT LINEUP

15 Products Across 3 Regimens

Our 2026 portfolio features 15 specialized formulations organized into three regimens: Surface Care, Hygiene & Kitchen, and Automotive Detailing - each engineered for maximum performance.

REGIMEN 1

HOME & SURFACE CARE SOLUTIONS
