

KLEANIX CHEMICALS

PRODUCT PORTFOLIO VOLUME.01

Reliable Performance. Exceptional Clean.

CORPORATE REGISTER & COMPLIANCE CHARTER

CORPORATE OVERVIEW

At Kleanix Chemicals, we engineer premium, commercial-grade surface maintenance solutions tailored meticulously for **residential complexes, industrial facilities, and professional automotive detailers**. Our advanced formulations utilize high-performance, plant-derived surfactants and eco-efficient bases to deliver exceptional dirt-encapsulating and grease-cutting action.

THE 2026 COMMERCIAL BLUEPRINT

01

ECO INNOVATION

Plant-derived, responsibly sourced ingredients tailored precisely for modern commercial supply chains.

02

ZERO DAMAGE

Non-corrosive formulas engineered to preserve and protect high-value finishes, surfaces, and clear coats.

03

INSTANT ACCESS

100% retail-ready for rapid multi-state shipping, online onboarding, and immediate open-shelf stocking.

REGIMEN 1: HIGH-EFFICIENCY HOME & SURFACE CARE

ADVANCED ARCHITECTURAL & HIGH-TRAFFIC FLOORING COMPOUNDS

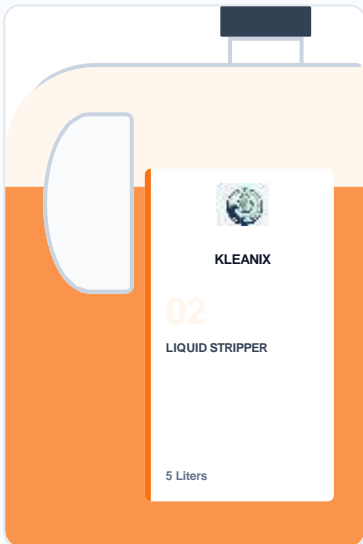

Portfolio Index 01

1. Pine-Fresh Floor Deodorizer & Surface Conditioner

LUXURY MARBLE, VITRIFIED TILES, GRANITE, INSTITUTIONAL FLOORS

A high-purity pine-oil concentrate that transforms instantly into a thick, brilliant white milky emulsion upon water dilution. Powerfully floats away micro-dust layers and greasy traffic tracks while filling commercial premises with a crisp, aromatic pine breeze that effectively neutralizes ambient sour odors.

Portfolio Index 02

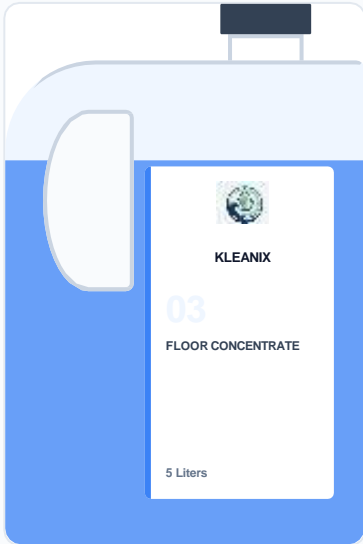

2. Heavy-Duty Industrial Surface Liquid Stripper

COMMERCIAL BAYS, GARAGE FLOORS, CONCRETE, OUTDOOR DRAINS

A rugged, commercial-strength alkaline stripping agent specifically engineered to rapidly break down dense carbonaceous grease deposits, motor oil residue, and stubborn weather-baked exterior muck layers. Restores concrete substrates to baseline safety specs.

REGIMEN 1: HIGH-EFFICIENCY HOME & SURFACE CARE

PREMIUM SUB-FLOOR CONDITIONERS & HARD-MINERAL CORRECTORS

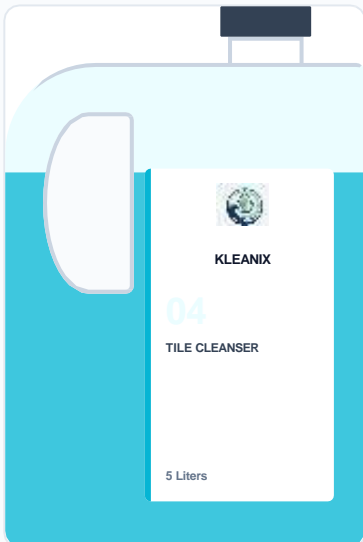

Portfolio Index 03

3. Maxi Multi-Surface Floor Wash Concentrate

ITALIAN STONE, POLISHED TILING, HARDWOOD, COMPOSITES

An ultra-gentle, pH-neutral daily maintenance formulation. Effortlessly lifts accidental household liquid spills without leaving hazy chemical streak lines or stripping away delicate pre-existing wax coatings and topcoat finishes.

Portfolio Index 04

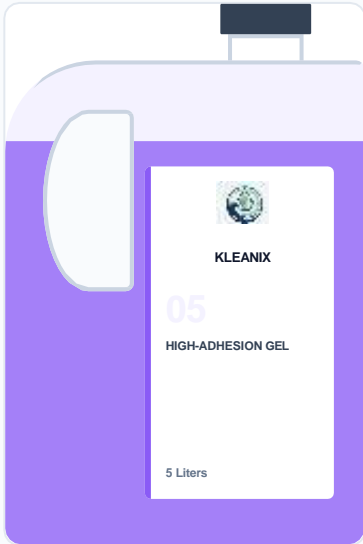

4. Ultra Tile & Ceramic Cleanser Balance

GLAZED BATHROOM WALLS, NON-SLIP CERAMICS, PORCELAIN

Target-formulated to tackle heavy calcium scaling and stubborn alkaline soap scum build-up. Safely lifts embedded mineral crusting and dingy coloration lines without scoring architectural glass panels or damaging structural tile grout boundaries.

REGIMEN 1 & 2 PORTFOLIO CROSS-SECTION

VISCOUS SCALING ELEMENTS & MILD SANITIZING COMPOUNDS

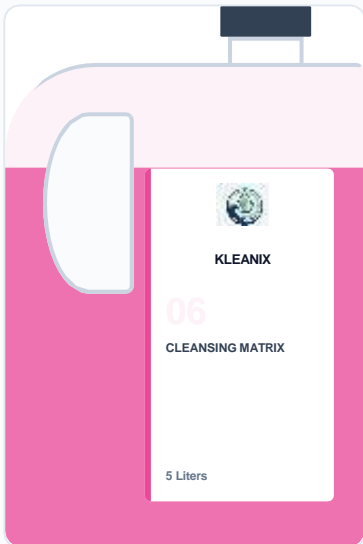

Portfolio Index 05 (Regimen 1)

5. Advanced Ceramic Bowl High-Adhesion Descaler

VITREOUS CHINA TOILET BOWLS, URINALS, HEAVY PORCELAIN

A maximum-viscosity, high-adhesion gel that physically clings to vertical architectural ceramic slopes to extend contact optimization windows. Rapidly breaks down organic uric acid residues and deep lime blockages without eroding adjacent PVC or copper drainage conduits.

Portfolio Index 06 (Regimen 2)

6. Liquid Hand Cleansing Gel Matrix

COMMERCIAL RESTROOMS, OFFICE WASHROOMS, INDUSTRIAL KITCHENS

A premium, soap-based dermatological cleanser carefully balanced to safely strip away heavy culinary oils, airborne dust particulate, and workspace soot from epidermal layers. Fortified with moisture-locking skin emollients to preserve tissue elasticity.

REGIMEN 2: PREMIUM HYGIENE, APPAREL & KITCHEN CARE

INDUSTRIAL CULINARY DEGREASERS & DIRECT CHEMICAL FLOW CONDUITS

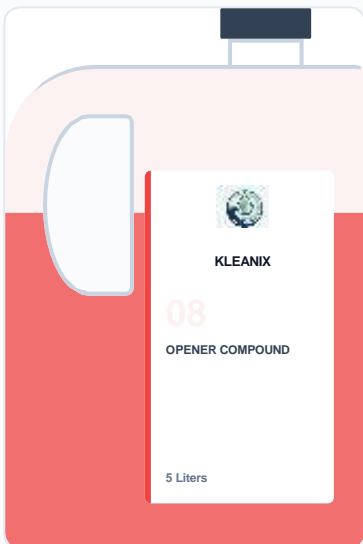

Portfolio Index 07

7. Active Dish Wash Liquid Gel Concentrate

INDUSTRIAL COOKWARE, GLASSWARE, CERAMICS, STAINLESS UTENSILS

A highly concentrated lipids-cleaving liquid loaded with dense fat-splitting surfactants. Generates robust, stable micro-foam stabilization blankets that emulsify heavy hydrogenated vegetable cooking oils, standard ghee layers, and embedded baked starches instantly.

Portfolio Index 08

8. Rapid Drain Flow Opener Compound

SINKS, KITCHEN CONDUITS, INDUSTRIAL TRAPS, FLOOR DRAINS

A high-density, high-specific-gravity liquid compound systematically designed to plunge completely through stagnant pools of surface water straight to the point of mechanical blockage. Rapidly liquefies organic hair matrix plugs and saponified grease traps.

REGIMEN 2: PREMIUM HYGIENE, APPAREL & KITCHEN CARE

SOLUBLE TEXTILE PROTECTANTS & ABSOLUTE STRUCTURAL TRANSPARENCY SOLVENTS

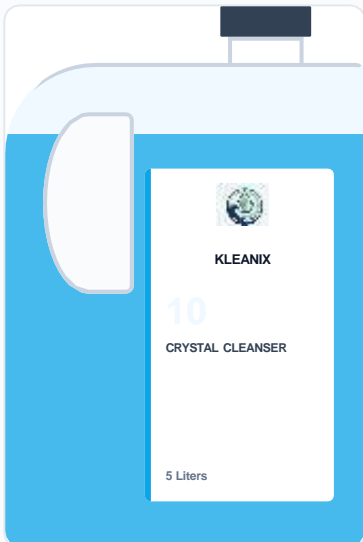

Portfolio Index 09

9. Smart Liquid Fabric Wash Conditioner

FINE WOOLENS, BRIGHT COLORS, COTTON, SYNTHETIC GARMENTS

An ultra-soluble laundry agent designed to leave absolute zero powder tracks or chalky chemical precipitation on textile fiber matrices. Penetrates collar grime zones and sweat lines while proactively protecting fiber structural elasticity and dye depth.

Portfolio Index 10

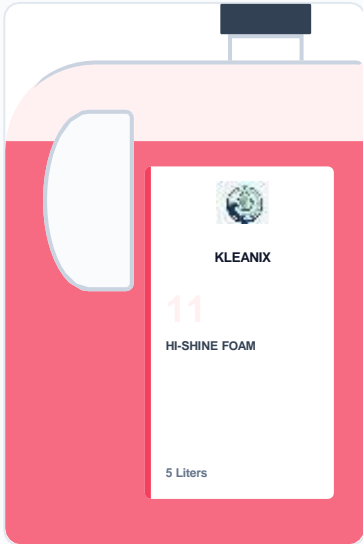

10. Crystal Glass & Windscreen Cleanser

ARCHITECTURAL WINDOWS, MIRRORS, DISPLAYS, AUTOMOTIVE GLASS

A flashing, ammonia-free technical solvent integration. Instantly cross-cuts through sticky organic sebum skin deposits, carbonaceous exhaust residues, and airborne soot matrices to deliver absolute optical clarity without leaving physical streak borders.

REGIMEN 3: PROFESSIONAL AUTOMOTIVE DETAIL SYSTEMS

PAINTWORK ENCAPSULATION WASHES & ELASTOMERIC NOURISHMENT GUARDS

Portfolio Index 11

11. Hi-Shine Foam Vehicle Shampoo

CAR EXTERIORS, CLEAR COATS, FAIRINGS, MOLDINGS

A precisely balanced, pH-neutral paint-level safe surfactant base configured for high-expansion foam canyon deployment. Physically isolates abrasive highway dust, gritty road splash-lines, and environmental fallouts to secure clear-coat integrity.

Portfolio Index 12

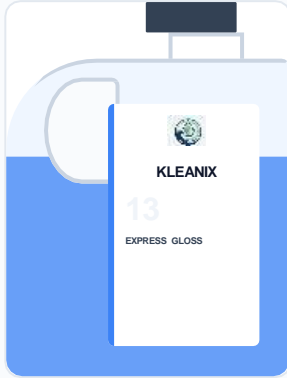

12. Premium Vinyl & Rubber Protectant Shield

DASHBOARDS, INTERIOR TRIMS, SIDE PANELS, EXTERIOR TIRE WALLS

An organic-based structural emollient paste. Restores severely faded vehicle cabin vinyl elements and bleached vulcanized rubber surfaces back to a luxurious, dry satin texture that natively matrix-blocks fine airborne dust particles.

REGIMEN 3: PROFESSIONAL AUTOMOTIVE DETAIL SYSTEMS

HYDROPHOBIC GLOSS SEALANTS, QUICK-DRY TEXTURING & AMBIENT NEUTRALIZERS

13. Express Gloss Spray Detailer Agent

PAINTED PANELS, CHROME PARTS, ALLOYS

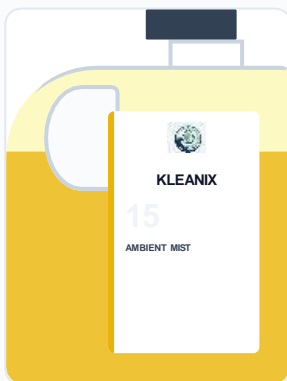

A rapid-evaporation hydrophobic coating line. Lays down an un-strippable cross-linked layer that seals underlying clear coat pigments to generate a high-refractive, deep wet-look reflection index while prompting profound water-beading performance.

14. Fabric & Interior Surface Cleanser Spray

WOVEN SEATING, ROOF LININGS, FABRIC MATS

A unique low-moisture technical extraction cleanser. Designed to encapsulate biological salt stains, trapped grime lines, and spill tracks directly within complex automotive upholstery weaves without deep pad wetting.

15. Ambient Air Fragrance Mist Atomizer

AUTOMOBILE CABINS, LOUNGES, MEETING ROOMS

A clean, water-based, non-aerosol environmental conditioning mist. Rather than heavily masking odors through synthetic weight, it intercepts volatile organic compounds to deliver true molecular room neutralization.

KLEANIX CHEMICALS™

COMMERCIAL ARCHITECTURE, FLEET MAINTENANCE & ENGINEERING SOLUTIONS

MANUFACTURING CORPORATE ENTITY

SIDDHJI SUPPLIER AND SERVICES

Production Complex: Jaipur, Rajasthan, India

Chief Operating Officer: Saurabh Tiwari

Industrial Index: Class 3 / Household & Auto Lines

B2B LOGISTICS & SUPPLY PLACEMENT

All wholesale orders ship direct from centralized fulfillment hubs in Rajasthan. Multi-state vendor routing and digital EDI line onboarding options are completely activated for corporate retail chains.
